

GUESS HOW FAST ASPARAGUS CAN GROW IN ONE DAY?

Purpose:

To add fun and incentivize students' participation to asparagus taste test

To best results, have your asparagus samples ready with the sign-in sheet (next page) and pens.

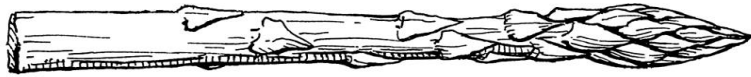

Instruction:

Using the sign-in sheet (next page), have your students guess how fast asparagus can grown in a day.

Whoever guesses the closest or exact "10 inches" wins the game. Asparagus grows ten inches in a 24 hour period under ideal condition.

Created by Washington State Department of Agriculture Farm to School
Idea by Joan Qazi, Fresh Food in Schools Program Central Washington Coordinator, Washington Sustainable Food and Farming Network
This material was made possible with funding from the Centers for Disease Control and Prevention
